

JAPANESE (おもてなし) Omotenashi Program

KAPIC Center

Kagoshima Asia Pacific Intercultural Countryside Center

The Center itself was established in 1994 to serve as an important base for international exchange and international cooperation in Kagoshima. Tucked away in lush natural surroundings, KAPIC receives technical trainees from all over the world every year as well as organizing international exchange events and holding seminars on international understanding.

KAPIC is widely used by various organizations and educational institutions to carry out training seminars.

KAPIC organizes various activities that explore both Japanese culture and foreign cultures in order to deepen mutual understanding.

Study training for foreigners
